

LB 612

May 14, 1975

SPEAKER: Further business on the desk.

CLERK: Oh yes. Mr. President, unanimous consent to unbracket 612. Signed Senator Mahoney.

SPEAKER: Where?

CLERK: It is on Select File.

SPEAKER: All right. The motion is for unanimous consent to unbracket 612 on Select File. Is there any objection? If not, so ordered.

CLERK: Mr. President, LB 612 was advanced to Select File. There are no E & R amendments. There is an amendment offered by Senator Burbach. Read. See Pages 1825 and 1826, Journal.

SPEAKER: Senator Burbach.

SENATOR BURBACH: Mr. President, members of the Legislature, on Page 2, line 1 strike "ten" and insert "one". This bill was hastily drafted because of the urgency of the tornado in Omaha and there was no indication at that time that we knew of what the federal rules, regulations and the federal participation would be in this tornado. Now then, we do have approximately \$500,000 in our fund and it is anticipated that these costs can be borne by the state for somewhat under a million dollars, but in order to be safe and sure, we are recommending that one million dollars be added to the emergency fund and strike the "ten" and insert "one", and that is what it amounts to and it is for the tornado disaster and the total cost is one million dollars and I move for the adoption of the amendment.

SPEAKER: Is there any discussion of the amendment? If not, the motion is to adopt. All in favor say aye. No, we will have to vote on that. We will have to vote aye. It is on Select File. All in favor vote aye. Those opposed vote nay. Voting aye.

CLERK: Senator Simpson voting aye.

SPEAKER: The Clerk will record.

CLERK: 28 ayes, 0 nays.

SPEAKER: The amendment is adopted. Any further amendments?

CLERK: Yes.

SPEAKER: The Clerk will read.

CLERK: An abundance of amendments, Mr. President. Mr. President, the next amendment is offered by Senator Mahoney. Would you wish to have those read?

SPEAKER: Is this a long amendment?

CLERK: Very.

SENATOR MAHONEY: Yes, it is actually 613. LB 613 that everybody has had explanation of. I'd ask that if, for brevity
